

BEST PRACTICES for OWNING & OPERATING A CONSTRUCTION COMPANY

Presented by
Logical Construction Concepts
Sage Master Builder Business Partner

What you will learn:

Construction is a highly competitive and complex business. Thousands have done quite well and prospered but even more have tried and failed! Most contractors begin as tradespeople and learn the business from the school of "hard knocks". This seminar provides you with the information and techniques you will need to start, grow, and operate a profitable business.

You will learn:

Cost-effective Marketing Ideas
Practical Estimating Methods
Improved Bidding and Pricing of Work
Hiring and Keeping Good Employees & Subs
Structuring & Organizing the Business
Motivating Techniques that Work
Effective Communication Methods

Production & Quality Management Ideas
Materials Acquisition & Control Ideas
Change Order Management Techniques
Scheduling for Profit
Cost Control & Managed Growth
Cash Management & Financing
Billing & Collection Procedures

THE BENEFITS OF THESE TOOLS ARE ABSOLUTELY VITAL

Managed Growth
Motivated Employees
A "Plan" for Slow Times

Happy Customers who Refer Business
Peace of Mind
A Business You Can Sell

Some of the most successful people in the business community are contractors with good business sense. You will "take away" several easy-to-use techniques that you can put to use right away.

Who should attend:

Owners
Managers

CPA's who advise Construction Clientele
Construction Industry Consultants
